

Who Benefits from The Bridge?

The Bridge may be a good fit
for individuals who:

- Need more daily structure and cueing
- Feel more comfortable in smaller social settings
- Would benefit from more engagement throughout the day
- May feel withdrawn or overwhelmed in larger community environments
- Are not quite ready for Memory Care

The Bridge provides added support between traditional Assisted Living and Memory Care.

The Bridge Program

Added Structure.
Familiar Independence.

THE PRESTON
OF THE PARK CITIES

*A supportive Assisted Living program
with more structure, connection,
and daily engagement.*

A More Guided **Assisted Living Experience**

The Bridge offers added structure and encouragement for residents who need more than traditional Assisted Living programming, but may not be ready for Memory Care.

Led by a dedicated Community Life associate, groups of up to eight residents enjoy a consistent routine, meaningful engagement, and companionship throughout the day.

What Makes **The Bridge Different?**

Residents benefit from:

- A consistent small-group setting
- A predictable daily routine
- Gentle guidance and encouragement
- More connection and companionship
- Personalized attention

A Calm, **Engaging Day**

Residents enjoy conversation, games, music, creative projects, sensory activities, light movement, and structured dining.

Each day is designed to support connection, participation, and confidence.

PROGRAM FEATURES

- Small-group daily programming
- Dedicated Community Life associate
- Caring associates available 24 hours a day
- Modern studio residences
- Scheduled transportation
- Resident call response system
