vibrance and
VITALITY

The path to wellness takes many forms – some unexpected.

Watermark University features dozens of enriching activities and programs on topics ranging from art workshops to culinary courses, mindful meditation, and more. Residents and associates are encouraged to become instructors themselves.

True wellness integrates mind, body, and spirit. A variety of vibrant enrichment programs are designed to promote physical and mental health, alike. It begins with our warm and welcoming setting designed for relaxation, revitalization, and everything in between: a fitness center with access to personal training, wellness services with visiting health specialists and clinicians, and outdoor activities that bring a connection with nature.

Mental and emotional well-being play key roles in the ability of any individual to thrive, and our holistic approach includes a variety of offerings that enrich the mind. From an award-winning Watermark University course to a fun excursion through our Extraordinary Outings program, residents have plenty of opportunities for growth. You can even take a trip to the stars with our groundbreaking EngageVR® virtual reality program.

Self-care is vital, too. The time is always right to treat yourself at our on-site spa and salon. Our signature menu of salon manicures, pedicures, haircuts, and color services are both relaxing and rejuvenating, helping everyone feel and look their best.

INSPIRED LIVING

The perfect blend of independence and personalized support,
with peace of mind for the entire family.

Assisted Living at The Watermark at Almaden offers spacious residences with modern touches, abundant opportunities for connection, and thoughtful care at every step. It's a place for wellness, discovery, and enjoyment – with personalized care from people who know you and understand you.

You'll have full access to our grand suite of amenities, including everything from exciting programs and adventurous outings to fitness classes and rejuvenating spa treatments. Discover new interests and reconnect with previous passions.

Our **Memory Care** neighborhood is an encouraging environment that focuses on infusing joy into your daily moments. Our dedicated associates and specially trained universal caregivers help you thrive within our tight-knit community. Each day, you'll find plenty of opportunities to explore, grow, and enjoy our enrichment experiences. Memory Care allows you to set the tone for each day, so you can choose to follow new or old passions, as well as find time to relax near one of our cozy fireplaces with a book or a good friend.

Life will feel comfortable, familiar, and like home – because it is. Expect daily life to include wonderful aromas from delicious meals, music, laughter, family members, fresh flowers, natural light, children, pets, and plenty of fun to look forward to. Your days will be filled with favorite pastimes and creative offerings, as well as plenty of space and time for relaxed moments.

Here, the art of caregiving goes beyond the traditional, so we call our caregivers *Nayas*, a word originating from the ancient language of Sanskrit. A Naya is a guide, a person of wisdom, and a leader who is engaged in the present moment. Specially trained and certified Nayas communicate through validation, rather than correction, to show understanding and support. Through this thoughtful foundation, we cultivate a sense of well-being and connection to celebrate each resident's lived experience and story.
