OUR MEMORY CARE VISION

We have a fundamental belief that people thrive when they are given the power of choice. For the last 30 years, the senior care industry has allowed efficiency and regulation to govern the delivery of health care at the expense of residents' well-being. At The Lodge at North Ogden, we're challenging every assumption that impacts the delivery of care in our community. That means the people, the programs, and the surroundings. One visit and you'll see the difference.

**Adult Day Club is available:
